

## EESCO has the Automated Edge for Control Panels

EESCO can now save you 75% in time on enclosure modifications with its new EESCO ModCenter.

EESCO can help you slash production costs and lead times. Why do the work yourself when this state-of-the-art machine can produce professional, repeatable holes and cutouts?

- Enclosures up to 93.7 in/2380mm Tall by 86in/2200mm Wide
- Back panels up to 92in/2340mm Tall by 94in/2400mm Wide
- Software allows for easy drawing import or drag-and-drop drawing creation

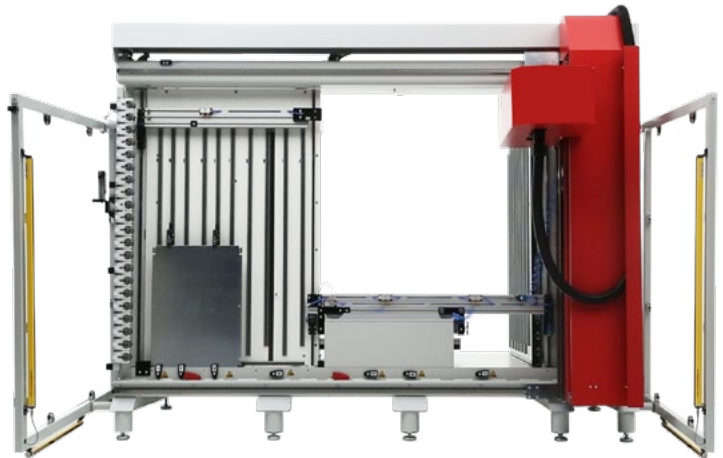

## Why Choose EESCO and the EESCO ModCenter

The EESCO ModCenter is the most versatile automated modification solution on the market today. With state-of-the-art design and controls, the EESCO ModCenter is known for its:

- Ease of use
- Best-in-class cutting speeds
- Repeated precision
- Enclosure size handling capability

To save your company even more time and resources, EESCO offers CAD support to model the enclosure, populate with components of your choice, and send out proof drawings for your approval.

## We Can Increase Your Productivity

Automate a traditionally labor-intensive process

- Spend more time getting projects done, less time marking and taping
- Save time, reduce costs
- Improve safety for your workforce

## Let Us Improve Your Quality

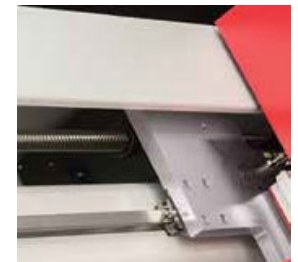

Precise holes and cutouts that even a skilled hand can't match

- Produce professional, repeatable holes and cutouts
- No more "slightly" misaligned pushbuttons
- No deburring needed

## Let Us Increase Your Flexibility

Tool magazine holds up to 21 automated tools

- We perform all necessary drilling, milling, tapping, circular milling and engraving
- Process materials including mild steel, stainless steel, non-metallic, aluminum, copper and more

- Woodridge, IL
