Value Creation

For a beneficial financial impact across your entire business enterprise

EESCO consistently delivers superior customer value. Dozens of Value Creation Solutions in 11 categories help customers increase efficiencies, reduce costs, enhance workplace safety, and achieve their sustainability goals.

The Value Creation program follows a standard, four-step process:

1. Identify Requirements:

EESCO and the customer meet to build a clear definition of Customer Requirements:

- Customer Service Improvement
- Cost Reduction
- Quality Improvement
- Productivity Improvement
- Safety Improvement

2. Align Solutions:

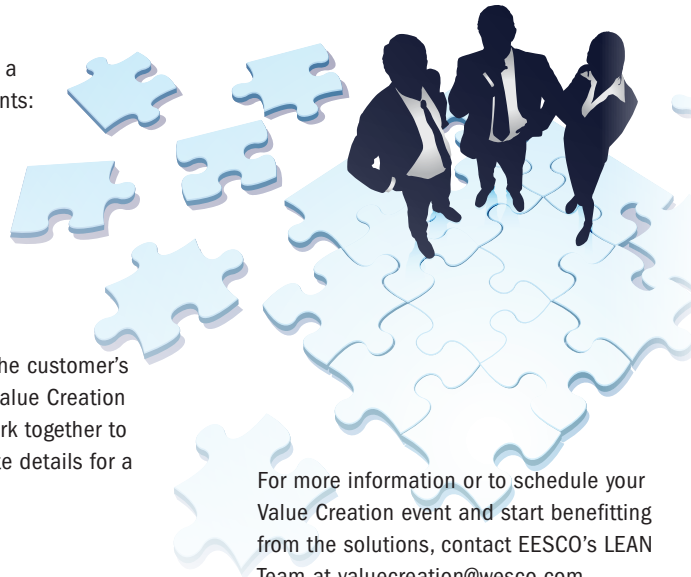

EESCO's solution experts review all of the customer's requirements and align them with the Value Creation Solutions. EESCO and the Customer work together to prioritize the solution options and create details for a Search for Savings event.

3. Search for Savings:

EESCO and Supplier solution experts engage the Customer team in a Search for Savings event to identify opportunities and address their needs and requirements.

4. Customize and Implement:

EESCO and Supplier solution experts design customized solutions to increase productivity, reduce costs, and deliver value.

For more information or to schedule your Value Creation event and start benefitting from the solutions, contact EESCO's LEAN Team at valuecreation@wesco.com.

Getting Started is easy:

- Contact the LEAN Team to schedule a process review
- Commit to the Value Creation Program
- Review your objectives with the EESCO Team
- Determine which solutions to focus on to meet the objectives
- Schedule the Search for Savings event

EESCO is a leading distributor of automation, control and industrial products, and is well-known throughout the industry for the technical service and expertise we lend to those products. EESCO operates in eight states serving major industrial, OEM, contractor, utility and systems integrator accounts in the Central Great Lakes region and the Southeast as Englewood Electrical and United Electric.

EESCO is a division of WESCO Distribution, Inc., the primary operating entity of WESCO International, Inc. (NYSE: WCC), a publicly traded Fortune 500 holding company headquartered in Pittsburgh, Pennsylvania, is a leading provider of electrical, industrial, and communications maintenance, repair and operating ("MRO") and original equipment manufacturers ("OEM") product, construction materials, and advanced supply chain management and logistic services. 2011 annual sales were approximately \$6.1 billion. The Company employs approximately 7,500 people, maintains relationships with over 18,000 suppliers, and serves over 65,000 active customers worldwide. Customers include commercial and industrial businesses, contractors, government agencies, institutions, telecommunications providers and utilities. WESCO operates seven fully automated distribution centers and approximately 400 full-service branches in North America and international markets, providing a local presence for customers and a global network to serve multi-location businesses and multi-national corporations.
